

BPS/EC/2022-23/99  
22 February 2023

**Birla Public School – Doha, Qatar**  
**CIRCULAR**

Dear Parents,

Sub: **Donations to Türkiye**

We all know about the unfortunate event that was faced by the people of Türkiye.

We as a school would like to initiate a drive to collect some of the equipment that are required by the people in distress there.

We would like to request you to send any of the items that are mentioned below for donation to the Class Teacher on or before 26 February 2023. They will be collected at school and sent out to the collection centres so that it can reach the right people.

The items that have been requested from us are Power bank, Flashlight, Batteries however as we know it will be difficult for students to bring some of these items to school. Hence, we would request everyone to send any one of the following things:

Sl. No	Requirements
1	Power bank (not more than 10,000 mAh)
2	Flashlight (handheld)
3	Batteries (AAA, AA)
4	Heater (small, less than 1500W)
5	Tent (Portable)
6	Sleeping Bag (New)
7	Bottle for baby (New)

*\* Please ensure that the contribution shared are new/unused items.*

Kindly ensure that before you send it to the school, talk to your ward about people who need help and why we must reach out to people in distress. As a school we do want our students to learn that when we give, we become more humble and should not expect anything in return. We hope that small collective efforts from our side will definitely bring some comfort to people who have been left shocked and in pain after the devastating event.
