

BIRLA PUBLIC SCHOOL, DOHA - QATAR
Circular for KG I, Grade I & V

Dear Parent,

Subject: Shift Operations effective from 15 January 2025

As you are aware of the recent ongoing regulatory guidelines related to campus capacity across all our three campuses and the subsequent implementation of the Hybrid Learning System. We have been striving to manage these changes while minimizing disruptions for students and parents. We have made every possible effort to continue the current arrangements at least until the end of the current academic year, keeping in mind the challenges which will be faced by our parent community.

However, despite our best efforts, it has become imperative that we must comply with the directives issued by the competent authorities. Therefore, in compliance, we will be implementing a second shift in the afternoon for certain grades in the current academic year 2024-'25.

After considering all factors, we have finalized a plan that aims to minimize disruption and inconvenience to parents while complying with the directives issued by the competent authorities. As part of this plan, the following adjustments will take effect starting from **15th January 2025**.

KG 1 divisions and **Grade V divisions**; from the Main School campus, **Grade 1 divisions** from both Primary 1 and Primary 2 campuses, will be transitioned to the second shift in the afternoon, which will be conducted at the **Main School campus, Abu Hamour**.

We believe this approach balances the need to comply with the regulations while ensuring a less disruptive solution for our students and their families.

The schedules are placed below for your information:

Grades	Time	Campus
KG 1	11:30 am – 3:30 pm	Main School
Grade 1	1:00 pm – 6:00 pm	Main School
Grade 5	1:00 pm – 6:00 pm	Main School

Transport arrangements and details will be informed shortly. In case of additional or new request for transport; kindly mail to transport@bpsdoha.com.

The school has always prioritized an open-door policy for parents, and we deeply value your continued trust and cooperation. This change is a necessary step to comply with regulatory guidelines, and your support is crucial in facilitating a seamless transition.

Thank you for your continued cooperation and trust.

Sincerely,

Dr. Anand R. Nair
Principal
